

4TH & 5TH GRADE SEQUENCE

The Mosaic Project's curriculum and sequence is based on dismantling the Pyramid of Violence, and building the Pyramid of Peace. Through our experiential activities and guided discussions, students learn how to connect, respect each other and their diverse perspectives, empathize, and practice assertive communication and conflict resolution skills. These Mosaic skills are all part of fostering a peaceful classroom community.

Below is a suggested sequence of Mosaic lessons for 4th or 5th grade classrooms. You can also use it as follow-up with students who participated in our Outdoor Project or our Classroom Project lessons. Activities typically include the corresponding song as introduction or conclusion. Many topics have an accompanying poster to display in the classroom. While we recommend exploring each topic for a week, you may alter the pacing to fit the needs of your students.
