

The Mosaic Project is fast becoming a tradition for 4th graders at our school who return as 5th graders and impact our entire student body. What a wonderfully **empowering experience** for our kids! **We look forward to growing in our partnership with The Mosaic Project** for years to come. ~ Glenna Burke, Principal

By far it was the best, best, **BEST** field trip I've ever been on! Mosaic made a **huge impact on my life** and I am not even in 6th grade yet! ~ Rachael, Student

This program should be **included in the curriculum of every school!** ~ Luis Suarez, Teacher

Your program sticks with the kids and makes quite an impression. Eight months after last year's program... the students are quoting statistics, singing songs and retelling their experience. It was AMAZING! Bottom line – you made an impact.  
~Leslie Rubin, Teacher

If it weren't for you I would still be mean to my brothers and sisters. When I came back my brother said, 'How come you came back so nice?' I just started laughing.  
~Brenda, Student

I'm going to appreciate people's differences more and I'm not going to want them to be more like me. I'm going to want them to be more like themselves.  
~Estella, Student

After last year's experience with Mosaic, I could not imagine a week as exciting and creative. However, 2003 proved to be another incredible experience for both my class and me.  
~Sister Lolita Krebsbach, Teacher

I learned about prejudice, break dance moves, and discrimination.  
~Timothy, Student

I loved The Mosaic Project and learned a lot from it. Some things they taught me, and some I found inside of myself.  
~Isabel, Student

My students learned to articulate their thoughts and feelings better than they ever have before. They learned self-confidence through social interaction.  
~Nancy King, Teacher

While you were talking about being respectful, I listened so good that I want to be respectful.  
~Sonya, Student

I liked learning the I statements and learning about how other people might feel in certain situations, but my favorite part was learning and singing new songs every night at campfire...  
~Kalah, Student

You create and present an unbelievably rich and focused curriculum for positive social change.
